PL-7001:
Create and Manage Canvas Apps with Power Apps

Days: 1 Day

Prerequisites: Students should understand application development, writing formulas such as those in Excel, and creating, reading, updating, and deleting data.

Description: Learners demonstrate the ability to solve business problems by creating canvas apps with Microsoft Power Platform. You will create a canvas app from scratch, connect a canvas app to a data source, configure a gallery and details screen, configure an input screen, and save and publish a canvas app.
